

# Grade 1 Scope & Sequence

Revised for 2020–21

## KEY

|                                            |                                                       |
|--------------------------------------------|-------------------------------------------------------|
| <b>Bold standard</b> , e.g., <b>1.OA.1</b> | Critical standard for the grade level                 |
| <b>Gray standard</b> , e.g., 1.G.1         | Supporting or additional standard for the grade level |

Some sessions in this module skipped; see Revised Unit Planner

Strongly recommend moving these modules to the end of the year

Module that may be deleted entirely from the sequence of instruction

*NOTE: Unit 5, Modules 2 and 4, and Unit 8, Modules 1 and 2 have been deleted from the Scope & Sequence, but may still be taught if there is instructional time.*

|               | (August)/Sept./October                                                                                                                                                        | October/November                                                                                                                                                               | November/December                                                                                                                                                                             | January/February                                                                                                                                                                                             | March                                                                                                                                  | April                                                                                                                                                                          | May/(June)                                                                                                                                             |
